{tab=Overview} **Pilgrim Corporate Citizenship**

The primary focus of our corporate citizenship activities is on developing initiatives to address local societal issues, such as our community's economic development, education, health and culture. We employ our most valuable resources -- our technology and talent -- to support innovative and beneficial programs in the community where we live and work.

Through involvement with the Greater Tampa Chamber of Commerce, as well as individual efforts, Pilgrim reaches out to assist non-profit organizations and community programs throughout the year. Local food banks, elementary schools, holiday programs for low-income families and healthcare agencies have all benefitted from the charitable giving of Pilgrim's corporate enterprise and individual employees.

Since its establishment in 1993, Pilgrim has sponsored programs, undertaken its own charitable initiatives, and been recognized by local and regional governmental and business organizations for the good Pilgrim has done and for the achievements it has attained as a world-leading business solutions provider.

We're proud of our team, our programs and our accomplishments.
Read more about our efforts and our awards by clicking on the appropriate tabs above.

KEYSTONE Little League TAMPA, FL

Keystone Little League aspires to be an outstanding educational-athletic organization that provides a high-quality experience, in which every athlete:

- Has fun playing the game
- Feels like an important part of the team regardless of performance
- Learns "life lessons" that have value beyond the playing field
- Learns the skills, tactics and strategies of the game and improves as a player

The higher purpose is to help the Local Little League impart the values of teamwork,

sportsmanship, and fair play to the children of the community, so that they may someday use these values in becoming good citizens. The League is committed to creating a culture in which coaches, parents, fans, umpires and athletes work together to achieve its mission.

Land o' Lakes, FL - Providing much needed complete home computer systems through recycling older used systems to disadvantaged children who otherwise would not be able to attain this tool we see as necessary and needed for today's academic requirements. We, as concerned members of the "Biker" community are committed to providing this necessary educational tool through completely refurbished computer system donations.

"Because We Care"

Pilgrim has donated gently used computer hardware to B.I.K.E.R.S.C.A.P.
